Test Report

Sauerland
Spanplatte

Comparison of the constructions

All details of the desired construction must be compared with the details of the tested doorset and yet granted assessments.
Special attention has to be paid to :

- Size — height, width, thickness
- Skin — type / dimension
- Frame — specie / dimension
- Intumescent — specification / dimensions

Drawing have to be made if necessary.

Letter

Customer
to the
Test Institute

Letter from customer to the Institute

The letter the customer sends to the Test Institute must contain the following information :

- full address and name of person in charge
- Reference to SAUERLAND test report with No. & Date
