

Declaration on the European Timber Regulation (EUTR)

We herewith confirm that we use timber species – basically spruce and fir – purchased exclusively from EU countries and predominantly from local sawmills, based in the Sauerland region and Thuringia.

Thus we are in no case introducers according to EUTR No. 995/2010; all wooden products processed by us correspond to its criteria.

With that said the EUTR is not relevant to us.

Arnsberg, 12.02.2024

Sauerländer Spanplatten GmbH & Co. KG
